

# NIH Electronic Submission Program

## Service Provider Questionnaire

Company SciMed Solutions  
Product Grant Forge

### *1. Briefly describe your product/service.*

Grant Forge is an enterprise solution for rapid development of the more time-consuming portions of NIH grant applications, including but not limited T32 tables and biographical sketches. Grant Forge is fully compliant with electronic submission standards as well as paper submission standards.

### *2. Do you plan to offer your product/service as a standalone application, a comprehensive grants management system, or both for future submissions?*

Grant Forge is a standalone application that may be integrated with other grant management systems.

### *3. Concisely list specific benefits of your product or service*

Grant Forge gives your grant writers and institution considerable time savings by providing an easy and powerful web-based interface to build and manage long grant tables and biographical sketches.

### *4. Please indicate if and when you will be ready to support the SF424 R&R for submitting the following types of grant applications to NIH through Grants.gov:*

- *SBIR/STTR – R41, R42, R43, R44*
- *Support for Conferences and Scientific Meetings – R13, U13*
- *Academic Research Enhancement Awards (AREA) – R15*
- *Small Grant Programs – R03*
- *Exploratory/Development Research Grant Awards – R21*
- *Research Project Grant Program – R01*

Grant Forge does not perform NIH grant application electronic submission but is fully compatible with PureEdge forms and other applications that do.

### *5. Do you offer any special services to assist foreign applicants?*

No.
